## Smoke-Free Long-Term Care Homes Project

### **The Smoke-Free Long-Term Care Homes Project is back!**

As LTC homes and residents continue to adapt to the Smoke-Free Ontario legislation, the Smoke-Free Long-Term Care Homes Project at the Centre for Addiction and Mental Health is pleased to announce that it is now able to offer another round of support and services to the long-term care community.

Over the next six months, LTC homes can submit requests for further on-site or telephone consultations, in-services or “lunch & learn” sessions for staff, or presentations for residents and their families. Please contact us as soon as possible if you are interested in any of these services.

The Smoke-Free Long-Term Care Homes Project Manual, various slide presentations, a discussion board and many other resources are all still available at [www.smokefreeltc.ca](http://www.smokefreeltc.ca) - visit today!
